Customer Reviews

When it comes to experts on bearded dragons, no one doubts the knowledge and experience of Philippe De Vosjoli. If you have a bearded dragon, this is one book you cannot do without! I have turned to it countless times to expand my knowledge of the pogona vitticeps. I love it

I believe this book to be one of the most informative and knowledge books that were ever written on this subject. It covers every aspect of the care and husbandry of the BEARDED DRAGON. I personally believe that there is not a better book by an author with the knowledge of Philippe de Vosjoli and Robert Mailloux out there today

I just got into bearded dragons and this book is great
