This is Volume II (1987) in a series of 3 very well written and very useful books by Katrina. Volume I is "Crystal Enlightenment" (19xx)Volume III is "The Crystalline Transmission" (1990)Volume II demonstrates some crystal healing stone layouts (which stones to lay where on the body) to

channel healing energy through the body to achieve certain outcomes. She also provides a lot of healing information within this volume, such as using crystals in meditation, releasing negative energy, time bridging (past-future), etc. She defines several additional types of crystals: Channeling Crystals, Transmitter Crystals, Window Crystals, Elestial (crystals), (crystal) Laser Wands and how to use them (often to direct the flow of energy through certain points of the body), Earthkeeper Crystals. She covers some miscellaneous tidbits, such as Herkimer Diamonds (from Herkimer, New York), the Tiger's Eye, Opal, and a few other gemstones. If you are really interested in stones and crystals and their possible relationship to healing (yourself or others), knowledge and so much more, I suggest this series of all 3 books by Katrina. You probably want to read these volumes in order unless you already know some of this energy and crystal stuff. I also suggest "Love Is In The Earth" by Melody. Yes, that is her name, just like music. Once upon a time, I laughed at the thought of people believing crystals were more than just rocks. Now I have wisdom. (We all make mistakes.) If you don't really understand what the heck I'm talking about, that's OK.
