Jamie takes us with the band as they tour the U.S. with humor, suspense and a shocking, unexpected end. Burt's ego and reckless ways land him in just as many funny situations as heartbreaking ones. Life on the road with Egg, Tea, Clipper and Burt is never dull! The third book in the series is full of twists and turns and once I started I didn't want to put it down. I also highly recommend listening to The Rockateers music while enjoying the book. Yes there really is actual music, a new EP with each book, all of which are excellent! I can't wait for book 4 to be released!

Jamie Scallion has done it again. The third installment of The Rock & Roll Diaries takes you on a journey of highs and lows leaving you wanting more. The story is made so much more real thanks in

part to the amazing music that accompanies the books. Can't wait for book four.
