Customer Reviews

Book arrived in good condition. As per the description. Happy with the purchase. Only complain is text books are always pricey to buy. But sell back price offered is very low.

Book was exactly as stated. It was brand new. I have used them before and think they are the best source for books online. They are honest about condition of books and shipping was very quick. Only downside is that I wish they carried every textbook needed because would only use them.

The book came in decent condition and in a very timely manner. We are very pleased that the tutorial CD was in the back of the book.

The book came quickly. It was a great value!
