# TOEFL iBT Vocabulary

## Synopsis

Each year, more than 800,000 take TOEFL (Test of English as a Foreign Language, internet based test); if English is not their first language, these students must pass the TOEFL to gain admission into universities where instruction is in English. In addition, TOEFL is also used to evaluate English proficiency by many government, licensing, and certification agencies, and exchange and scholarship programs. This book will help non-native speakers build or renew vital vocabulary skills. Featuring targeted practice, a verbal skills review, commonly tested words, and test-preparation tips, this book will help test-takers score high on the TOEFL.

## Customer Reviews

I purchased this book to help my nephew, who resides in Nigeria, prepare for the Toefl exam. After studying the material and doing the practice tests on the website, he decided to take the actual test ahead of the date we had agreed upon. Much to our delight and relief, he received a score of 92! He is now submitting his applications to Australian and English universities and will, undoubtedly, begin his academic studies in 2013. He continues to work on the excellent vocabulary in anticipation of college.

A good review. I am an native speaker and this surely will enhance my vocabulary. Totally recommend it for all.

It is ok, this book is good for me to review some vocabs. I will be happy to have this book

I think this is a good way to gain vocabulary... this book has helped me it suggests ways to study...I received a new book, on time, exactly how I asked...

Thx!
