Customer Reviews

Recieved book in only a couple days. Priced right and Has hepled me improve my understanding of painting. Straight to the point and well layed out. Covers all the basics. Would recommend to any novice. Gave it four stars because it did not make any mention of spray can painting. Other than that, Great book!

Hmmm, not bad! But it could be more improved or modified in the way it is written or could have more better things added to it? To make it more appealing to the Tradesperson OK - for e.g. Some of the photos in there were not accurate to me at all or has other steps or theory not there to see! Alright!

One of the better how to books. Very useful for the novice--not sure for the pro. I love it!
