Customer Reviews

I knew a little information going into reading this book, but Dr. Stanley Monteith did an excellent job filling in the blanks for me. He briefly described various secret society organizations and provided quotes to back up his claims. The book was thoroughly researched. I liked the fact that Dr. Monteith got straight to the point with the information that he provided. The book wasn't bogged down with a bunch of filler which allowed me to get through it and learn a great deal. For once I wasn't bored or had to experience information overload! The book is rather short but the information provided totally makes up for it. There are only 4 chapters but don't let that deter you because it's packed with valuable information. I think every Christian or anyone who's wanting to learn more about the various occult organizations would definitely get some benefits from reading this book. Some of the organizations discussed I have never even heard of or the fact that some of these organizations

were behind some of the wars. The information provided was definitely an eye opener for me. Dr. Monteith's book was much better than some of the books that I've read on this subject lately. Some of the organizations discussed were: 1.) The Bankers 2.) The Central Bankers 3.) The Jewish Bankers 4.) The Council on Foreign Relations 5.) The Bilderbergers 6.) The Trilateral Commission 7.) The Club of Rome 8.) The Tax-Exempt Foundations 9.) The Hierarchy 10.) The Illuminati 11.) The Jesuits 12.) The Masons 13.) Skulls and Bones 14.) The Theosophical Society. There are some other organizations discussed and he goes into details about the people behind them. This book is not just about the organizations, but also about the people who are trying to create what they believe will be utopia on planet earth by creating what they call a New World Order. It may sound like a conspiracy theory but the information that Dr. Monteith provides will definitely open any reader's eyes. It sure opened mine! I've already recommended this book to family and friends.

This book was published 10 years ago and was researched starting 25 years before that. It demonstrates that information is and has been available to identify what is going on in our government. It also points out that we haven't been doing a very good job of controlling our own government. His overall conclusion makes sense. His identity as to who caused the problems in our government may have missed recognizing the actual culprit (beyond citizens as a group). You will have to look carefully and do a lot of thinking to unravel this mystery. You may have all you need or you may need other information to help. It is the problem of having 11 murders on the Oriental Express that he describes in his book. It is amazing that he came to this conclusion many years ago and most people are just beginning to understand what is going on. I think that if you have any interest in this (which I definitely hope that you do), you need to understand what is presented here and you should get this book and read it.

If you've read Committee of 300, then this book is the icing on the cake. It discusses a wide variety of secret societies and hierarchical organizations linked to the worldwide conspiracy and asks the question, "What's the ultimate source of power behind these people and why are they so united in purpose?" The book is very well written and easy to read, unlike many of this genre. The writer takes you through a history of secret societies from their early origins to present day. Always with the same thought in mind, "What motivates them to hunger after world domination." Your historical perspective will be altered and your worldview will never be the same again. When he finally reveals the awesome secret of their power, you already know what to expect. This is a Spiritual battle of the most universal magnitude. Waged for the souls of mankind since the foundation of creation. Good

versus evil. Darkness versus Light. As God has His disciples working to spread the message of Truth, Satan also has recruited his minions to work destruction and human misery. Rewarding them with power and wealth beyond imagination. Dr. Monteith breaks it down in no uncertain terms. Although it appears in many forms and is called by different names, the author of this madness is none other than the Prince of Darkness himself! He is hidden behind every man made ritual and ceremony, lurking in the shadows, passing down the 'secrets' of his power to those seduced by his evil. Mankind is without hope except in Christ. No wonder the great Apostle Paul said, "We wrestle not against flesh and blood, but against principalities, against powers, against the rulers of darkness of this age." Aside from the Full Armor of God, we cannot stand a moment against such evil. Read Dr. Monteith's book and Walk toward the Light!
