2015 ICD-10-PCs: The Complete Official Codebook

Synopsis

This illustrated codebook presents the complete official government draft of the ICD-10-PCS procedural code set in 16 sections of tables arranged by general procedure type. Features include the AHAs Coding Clinic for ICD-10-CM/PCS citations, a summary of changes, and color coding and symbols for the Medicare Code Edits. Develop your basic coding skills and test your proficiency with coding scenarios and exercises.

Customer Reviews

Cheaper than anywhere else! I love saving money especially on this code book because I do not agree with the I-10 coding system. I have to make this purchase every year. It gets expensive.

This is the most recent, complete, authoritative guide to ICD 10 PCS coding. It is a must for any professional who works in coding or related HIM/Revenue Cycle functions.

Very pleased with this item great condition

exactly what I needed for work...
