What BarCharts are NOT: a comprehensive study guide. You cannot do well on a law school exam or bar exam relying solely upon BarCharts. That is not their purpose. What BarCharts ARE: a condensed overview of the black letter law. Use them as a quick reference to understand the material during the semester. Use them as a REVIEW of the material you (should) have already studied for the exam. In law school, BarCharts were the last thing I skimmed over before taking an exam. It's a good refresher. Same with the bar exam. I skimmed over my BarCharts both nights before the exam.

I really like this to carry with me for those moments when I am out and about meeting with customers and they have a question that I either don't know the answer to or that I want to verify the answer. Very convenient to have with my laptop and packed with lots of content.

It had a lot of information, but the layout was too busy and distracting to get five stars. Unfortunately

you will have to buy a new one next year to get 2013 info.

Overall, this is a good, quick study sheet.

Great for reference

Nice review.
