Exile For Dreamers: A Strange House Novel

Synopsis

Exile for Dreamers is the second captivating installment in the Stranje House series for young adults by award-winning author Kathleen Baldwin. #1 New York Times bestselling author Meg Cabot calls this romantic Regency adventure "completely original and totally engrossing." Tess Aubreyson can't run far enough or fast enough to escape the prophetic dreams that haunt her. Her dreams bring nothing but death and grief. Tess refuses to accept that she may be destined for the same madness that destroyed her mother, until her disturbing dreams become the only means of saving Lord Ravencross, the man she loves, and her fellow students at Stranje House. Tessâ™s old friend, the traitorous Lady Daneska and the Ghost, ruthless leader of the Iron Crown, have returned to England, intent on paving the way for Napoleonâ™s invasion of England. Can the young ladies of Stranje House prevail once more? Or is England destined to fall into the hands of the power-mad dictator? "Enticing from the first sentence." -New York Times Book Review The Stranje House series, is a great next read for fans of Gail Carriger's Finishing School series and Robin LaFevers' His Fair Assassin series.

4.5 stars for me! So fun. I really enjoyed the first book, School for Unusual Girls, but I had the feeling I would love Exile for Dreamers more. Why? Because in the first book, we followed Georgie, who was brilliant and clever, but just a bit...annoying. This one, however, followed Tess, a girl at the school that I was constantly curious to know more about. Especially her dealings with the equally

wild tempered Lord Ravencross! :D I was not disappointed at all and my need to get more into their story was definitely satisfied! The story itself takes up just after where book one left off. A few new faces come on the scene and I love that they are both important additions to this story, but you can also see where they might play out in future books (and with future POVs from the other girls at Stranje House ;D). This time around, both Tess's dreams and a dangerous attempted kidnapping lead them to believe an attack is coming. They group formulates a plan to at least make it look like England may be ready to fight back, and it forces Tess to deal with some pretty heavy emotional scars from her old friend, Lady Daneska, all while keeping the desire to kill her in check. Tess is plagued by terrifying dream visions--and she is sure she'll end up like her mother, that the dreams will drive her to madness and eventually death. Tess is such a wild thing---temperamental, a fighter, always running off through the fields with her wolf dogs at her side to clear her head or shake her fears. But she is also heartstrong, passionate, clever, and caring for both her schoolmates and teacher that are the only family she knows. The romance between her and Gabriel Ravencross is so intense because she wants him but she doesn't want to put him through seeing her taken by madness.
