Thank you, thank you, thank you!! I have been waiting for this book!! For the last couple of years, I have been working on teaching "The Secret" to my 12-year-old daughter, explaining to her about mindfulness and how to be deliberate in her thought. Have read just about every book by Esther Hicks. Also followed the "plan" in *Ask Believe Receive*, which has really brought us closer, since we worked on manifesting things as a team. Still, I wanted something made for a younger audience, to break down everything in a way she could easily understand. This book does that. This book is very similar to *The Secret* (and follows the same basic outline) but a little more "hip" as far as language goes. It's done in a way kids can relate to, yet still holds the same basic message. This is the book you wished you had as a kid. It encourages hopes and dreams and let's you know what you want is possible! Even if you're skeptical of the Law of Attraction, to me, this aspect is worth buying it for. It

is very encouraging. The Outline: INTRODUCTION THE SECRET REVEALED THE SECRET MADE SIMPLE HOW TO USE THE SECRET POWERFUL PROCESSES THE SECRET TO MONEY THE SECRET TO RELATIONSHIPS THE SECRET TO HEALTH THE SECRET TO THE WORLD THE SECRET TO YOU THE SECRET TO LIFE Pretty much everything a teen goes through is here, with some stuff my generation wasn't aware of, such as the environment and global community. I am looking forward to going through this with my daughter.

The Secret to Teen Power is a remarkable guide to success, dreams, and happiness. It is an easy read, but yet extremely informative. Even though this book is targeted for teens, adults can also grow and gain knowledge of what the law of attraction is and how it can transform their lives. No matter what your background is, The Secret can enhance, if not change your life for the better. With faith, perseverance, and the knowledge of The Secret, anything is possible, regardless of your age or ethnicity. There are no boundaries to what you can become, that is if you truly believe in your dreams and desires. Rhonda Byrne's original publication, the original Secret, inspired this guide for teens to be born. It promises to follow the path of The Secret and motivates teens to bring happiness and harmony to every aspect of their lives. Paul Harrington, producer of The Secret film and author of The Secret to Teen Power, dreams to help teens understand The Secret so that their able to do or be anything their heart longs for. For today's teens, a perfect guide how to make things happen according to ones will and how to invite positive energy when dealing with issues like schoolwork, relationships, acquaintances, and self-worth. The book includes personal testimonies of actual teens which demonstrate how learning the power of The Secret can improve and bring dreams to life. In each of its ten chapters you'll learn how The Secret was revealed and how it is made simple. You'll also learn ways how to apply The Secret to your life and the power it possesses. Whether its money, relationships, or good health, this guide breaks it down in simple ways to achieve your desires. Discover The Secret to the world and The Secret to you.
